Door & Desk Nameplate holders

Product description: Available in Anodised aluminium in various sizes and finishes. Also available are desk sign holders in hardwood. For door nameplate holders please advise the mode of fitting required.

A further option is available for specific anodised aluminium holders to be supplied with card inserts in A4 perforated format so that you can generate your own inserts. A clear acetate or polycarbonate is also supplied to help stop the card from getting grubby. An outline template can be provided for the inserts in word format to hopefully aid you (some adjustments may be required due to individual printer default settings).

Price banded discounts for larger orders!
