ABOUT US

Rack & Shelf Labels (UK) Limited was set up in 2006 to work in partnership with the warehouse and logistics industry, providing a comprehensive and professional service for location labelling requirements to include internal and external signage, floor marking and warehouse netting.

Since 2006, the company which is based in Warrington, has grown and is proud to be a market leader; working with customers throughout the UK, Europe and further afield. In 2014 we opened Rack & Shelf Labels (Au) Pty in Australia and offer the same unique products and services to customers in the Southern Hemisphere.

We provide a comprehensive service which includes the consultation and planning of location numbering sequences, in-house warehouse label design and label and sign production using the highest quality base material and complete installation service.

Over the last 17 years, we have worked alongside some of the largest operations in the warehouse and distribution sector. This has enabled us to have unrivalled knowledge and experience of delivering location labelling projects for high profile customers. It also means that all jobs can be delegated to us be they small or large, all in complete confidence.

WAREHOUSE LABELS

At Rack & Shelf Labels (UK) Limited we offer a wide range of labelling solutions to suit all types of environments and operation.

All of our warehouse labels are designed and produced in-house by our experienced team, working with our customer at each stage of the process.

This ensures that the design and functionality works - using only the highest quality materials to guarantee a durable and longstanding label.

All of our labels come with a 15 year guarantee!

All of our labels are available with the following options:

- Asset Labels
- Blank & Sequential Labels
- Blank Labels
- Box Labels
- Bulk Floor Storage Bin Labels
- Cage Labels
- Chute Labels
- Floor Labels
- Flue Spacer Labels
- Garment Hanging Labels
- Metal Labels
- Pallet Labels
- Racking Beam Location Labels
- Racking Check Digit Labels
- Racking Level Indicator Labels
- Racking Step Multi Barcode Location Labels
- Racking Upright Frame Multi Barcode Location Labels
- Retro-reflective Labels
- Shelving Beam Location Labels
- Shelving Check Digit Labels
- Shelving Level Indicator Labels
- SKU Labels
- Tote & Bin Labels

WAREHOUSE SIGNS

At Rack & Shelf Labels (UK) Limited we supply a comprehensive range of internal and external signage which helps identify a particular area, warn of danger and provide detailed advice. The most popular signs that we produce for our customers are:

- **Hanging Signs**

We design and install hanging sign systems for customers throughout the UK in all types of distribution facilities.

- **Aisle Markers**

Our aisle markers are used in many of the UK's busiest distribution centres to clearly define aisles for a smooth operation.

- **Rack Load Notices**

Rack Load Signs are an essential safety sign that is attached to racking and shelving advising of load capabilities.

- **Health & Safety Signs**

We supply a full range of health and safety signs from no smoking, fire and site safety signage, to more specialist signs.

- **Warehouse Floor Signs**

Hard wearing floor signs and graphics provide essential health and safety advice and information.

- **Garment Hanging Dividers**

Garment Hanging Dividers are placed on a rail and contain an identification label.

- **Dock Door Signs**

Dock doors signs are fixed to the inside and outside of the door to identify loading or docking areas.

- **Pallet Markers**

Pallet Markers provide a grid system on the floor to identify where to store pallets.

- **Bus Stop Signs**

A bus stop sign is a heavy freestanding floor location.

- **Carpark Signs**

Parking signs, direction signs or fire assembly meeting point signs; we make bespoke carpark signs to your requirements.

All of our signs are available in a selection of materials and finishes, and can be supplied directly or fitted by our expert installers.

WAREHOUSE LINE MARKING

We are specialists in the supply and installation of internal and external warehouse line and floor marking; providing a complete and fully managed service.

The three main types of floor preparation for line marking that we offer are:

- Shot Blasted
- Diamond Shaved
- Unprepared

Warehouse line and floor marking involves preparing the floor and applying paint to the floor in order to produce markings that include:

- Pedestrian Walkways
- Pallet Lanes
- Hatched Areas
- Zebra Crossings
- Parking Bays
- Directional Arrows
- Text and Graphics

Support and advice is provided during your project with layout drawings, product recommendations and delivery scheduling.

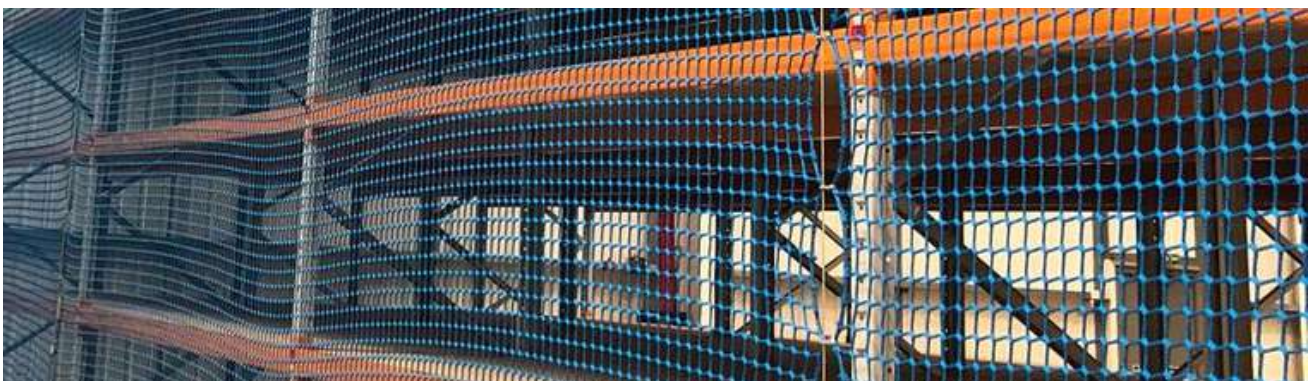

WAREHOUSE NETTING

Our Warehouse Netting safety netting solution provides a safe, easy to install and practical resolution to avoid accidents in working environments. The netting offers many applications within a warehouse or storage facility, including:

- Back Of Rack Netting
- Back Of Shelving Netting
- Conveyor Net
- Tunnel Net
- Dock Door Netting
- Handrail Net
- Mezzanine Floor Net
- Special Application Netting

The flexibility of the netting structure minimises the possibility of falling objects by spreading the impact of the load consistently across the system.

Our netting comes in a range of colours, sizes and strengths and is easy to install. The polypropylene mesh can be put up and taken down quickly as required making it a cost effective alternative to a steel mesh system, which is prone to erosion and damage.

Rack & Shelf Labels (UK) Limited warehouse netting system is tailor-made specifically to the size requirements of the project. This means that the netting comes complete with all of the required fixing tools and there is no cutting or alteration needed on site reducing the installation time and impact on the operation.

Warehouse Netting from Rack & Shelf Labels (UK) Limited should always be used alongside a Safe System of Work and as part of an appropriate risk assessment.

OTHER PRODUCTS & SERVICES
