

Armitage Shanks Contour 21+ Back to Wall Rimless Toilet Pan

Installed at The Daltons

SanCeram Deck Mounted Sensor Taps

Installed at Station Road

Our client: Brighton and Hove City Council undertook a major refurbishment of the city's public toilets, investing £3 million over a two year period. Phase one which started in November 2022, saw four locations being renovated across the city with completion in May 2023.

Their brief: The Daltons, Saltdean, Kings Esplanade and Station Road public toilets were all to be completed during the first phase of the project. They required sanitaryware that was going to be durable and hardwearing to meet the demands of high volume, public use. Hygiene was high on the agenda, as was water efficiency to help reduce ongoing costs.

Our solution: Our SanCeram and Armitage Shanks ranges were chosen for this project. Both of which offered durable products suitable for high usage, as well as sensor features to promote excellent user hygiene and help reduce water consumption.

Armitage Shanks Contour 21+ Back to Wall Rimless Toilet Pan paired with the Tyde OSMO T1 Concealed Cistern with Sensor Flush:

- Rimless WC for increased hygiene and water saving
- Tyde OSMO T1 Concealed Cistern supplied pre-assembled for quick and easy installation. The Cistern offers multiple flushing volumes for water saving and has WRAS approved internals
- Touch free sensor flush for increased user hygiene

Armitage Shanks Contour 21 Schools 355 Back To Wall Toilet Pan:

- Low height children's WC at 355mm from floor to rim for easy use, installed in family cubicle for an inclusive environment

SanCeram Langley Concealed Trap Urinal Bowl:

- Sleek easy to clean, Concealed bottle trap design

Armitage Shanks Contour 21+ 40cm Back Outlet Basin paired with Contour 21+ Thermostatic Basin Mixer Tap:

- The basin has a back outlet compact waste system, incorporating a Hydrophilic glaze with anti-microbial qualities
- The Thermostatic Basin Mixer Tap offers a long lever for easy operation and precise control, and is WRAS and TMV3 approved

SanCeram Deck Mounted Sensor Tap:

- Battery operated, the taps deliver water without touch, perfect for public toilets where hygiene and water economy are key factors
- DDA compliant and WRAS approved

SanCeram Back to Wall WC Doc M Packs supplied to all sites.
