

HARFIELD MAKE A DIFFERENCE

James Beaumont (LACA Admin) & Colin Farrelly (representing CATH) with the donated Harfield tableware.

At the end of 2022, LACA held the Annual School Lunch event at the House of Commons, showcasing 'all that is great about school food'. Over 20 MPs attended the LACA event to talk with caterers about the importance and challenges of providing school meals.

Harfield were delighted to support LACA and provided tableware for use at the event including plates, bowls, cutlery, tumblers and jugs. After the lunch, we donated the tableware to Chester Aid for the Homeless (CATH).

CHESTER AID FOR THE HOMELESS (CATH)

Robert Whittall, chief executive from CATH said: "Thank you on behalf of Chester Aid to the Homeless for your useful donation of kitchenware for the homeless of Chester. The donated items from LACA will help us replenish the items at the houses that we manage where we support up to 36 individuals. The remainder will be utilised at The Harold Tomlins Centre where we run a range of support sessions."

Kate Hindley, our Sales Director said: "Harfield were honoured to support the Annual School Lunch event and are delighted that our tableware has gone to such an amazing charity. Thank you to everyone involved for making it happen."

SINGLE-USE PLASTIC CUTLERY AND PLATES TO BE BANNED IN ENGLAND

If you're looking for reusable alternatives to single use plastics, Harfield are here to support you.

This week BBC News reported that Government figures suggest that 1.1 billion single-use plates and more than four billion pieces of plastic cutlery are used in England every year.

Single-use plastic tableware very often does not decompose and stays in landfill for many years.

Sustainability is of vital importance to everyone at Harfield and indeed society as a whole. Our tableware is reusable, 100% recyclable and made in Europe. To support our sustainability goals, we now offer a free recycling service. Simply return your Harfield products at the end of their lifecycle and we will do the rest. Your purchase of Harfield tableware comes with peace of mind every time.

If you're looking for cutlery, plates, bowls, tumblers, jugs, trays and much more, look no further.

Let's protect our environment in every way we can.
