About iBottles

iBottles is a family run business in High Peak, Derybshire. Established in the early 1990s as UK and Ireland distributor for Kautex high quality, plastic containers.

With the introduction of state-of-the-art automated labelling machines, iBottles is entering a period of growth and launching a new Label Application Service. The service is available to existing customers of iBottles products, and the wider community, upon purchase of products or as a standalone service.

The new service is available now, and can be used on plastic containers within iBottles product range, or any flat-sided or cylindrical plastic containers ranging 10ml to 5Litres. More information is available at iBottles.co.uk
