

QUICK CHARGE USB A+C SOCKET OUTLET

Berker Integro Quick Charge USB A+C Socket Outlet

Berker has recently updated their 12V USB A+C charging socket. The charging power has increased to 2x30W enabling simultaneous, quick charging through both ports. The quick charge USB socket is connected via 150mm leads and mounted using the standard 4 fixing points. Click on the link for further product details:

As with other Berker sockets and switches, frames snap fit over this USB charging socket, ensuring consistency with design. The frames are available in various colours and styles, all of which can be viewed on our website – <https://www.abcomponents.co.uk/product-category/berker-sockets-and-switches/berker-frames/>

The **MAN0011023** 12V A+C USB charging socket outlet is an exciting addition to the Berker Integro range.

Berker is widely recognised for manufacturing high quality, stylish products. This has ensured that the Integro range is the product of

choice for many of the leading European caravan and motorhome manufacturers.
