

Worlifts Bolting Services

Worlifts Limited, established in 1976 has over 35 years of expertise in delivering hydraulic, powered and manual bolting products and solutions to all industry sectors and specialises in the provision of ON-Site services with the utilisation of dedicated on-site examination, on-site calibration and on-site testing vehicles.

Ebt Battery Tools

Highest quality bolted together with excellent service.

Enerpac specialises in professional high-pressure Bolting Tools and Solutions. Enerpac's hydraulic Bolting Solutions serve the complete bolting workflow -from a simple pipe alignment to complex joint positioning of large structural assemblies. The extremely strong and compact tools are used in industrial markets and applications throughout the world. Enerpac makes the bolting process more accurate, safer and efficient and traceable.

The company offers a total ON Site package that includes:

- Sale of Hydraulic, Pneumatic, Electric and Mechanical Bolting Tools
- Testing, Calibration, Hire and Loan of Bolting Tools
- Calibration and Testing of Manual & Powered Torque Wrenches
- Testing & Thorough Examination of Hydraulic Lifting Jacks
- Examination & Certification of Lifting Equipment (LOLER)
- Total Tool Inventory & Asset Management
- Training for Safe & Correct Use of Bolting Tools

Demonstration of Tools for Bolting Applications Enerpac Bolting Service powered by WORLIFTS

Enerpac Bolting Service Van powered by Worlifts hits the road in 2013! The ON-SITE vehicle offers a full bolting tool service and maintenance package which includes ON-SITE testing, tool calibration, tool repair and tool hire.
